I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I am highly chemically sensitive and
can not tolerate synthetic medications. My
compounded medications alleviate symptoms that
made my life miserable such as sleeplessness,
irritability and hot flashes every twenty minutes.
